

# TECHNOLOGY IN AN INTRODUCTORY PSYCHOLOGY CLASSROOM

Sue A. Kelley

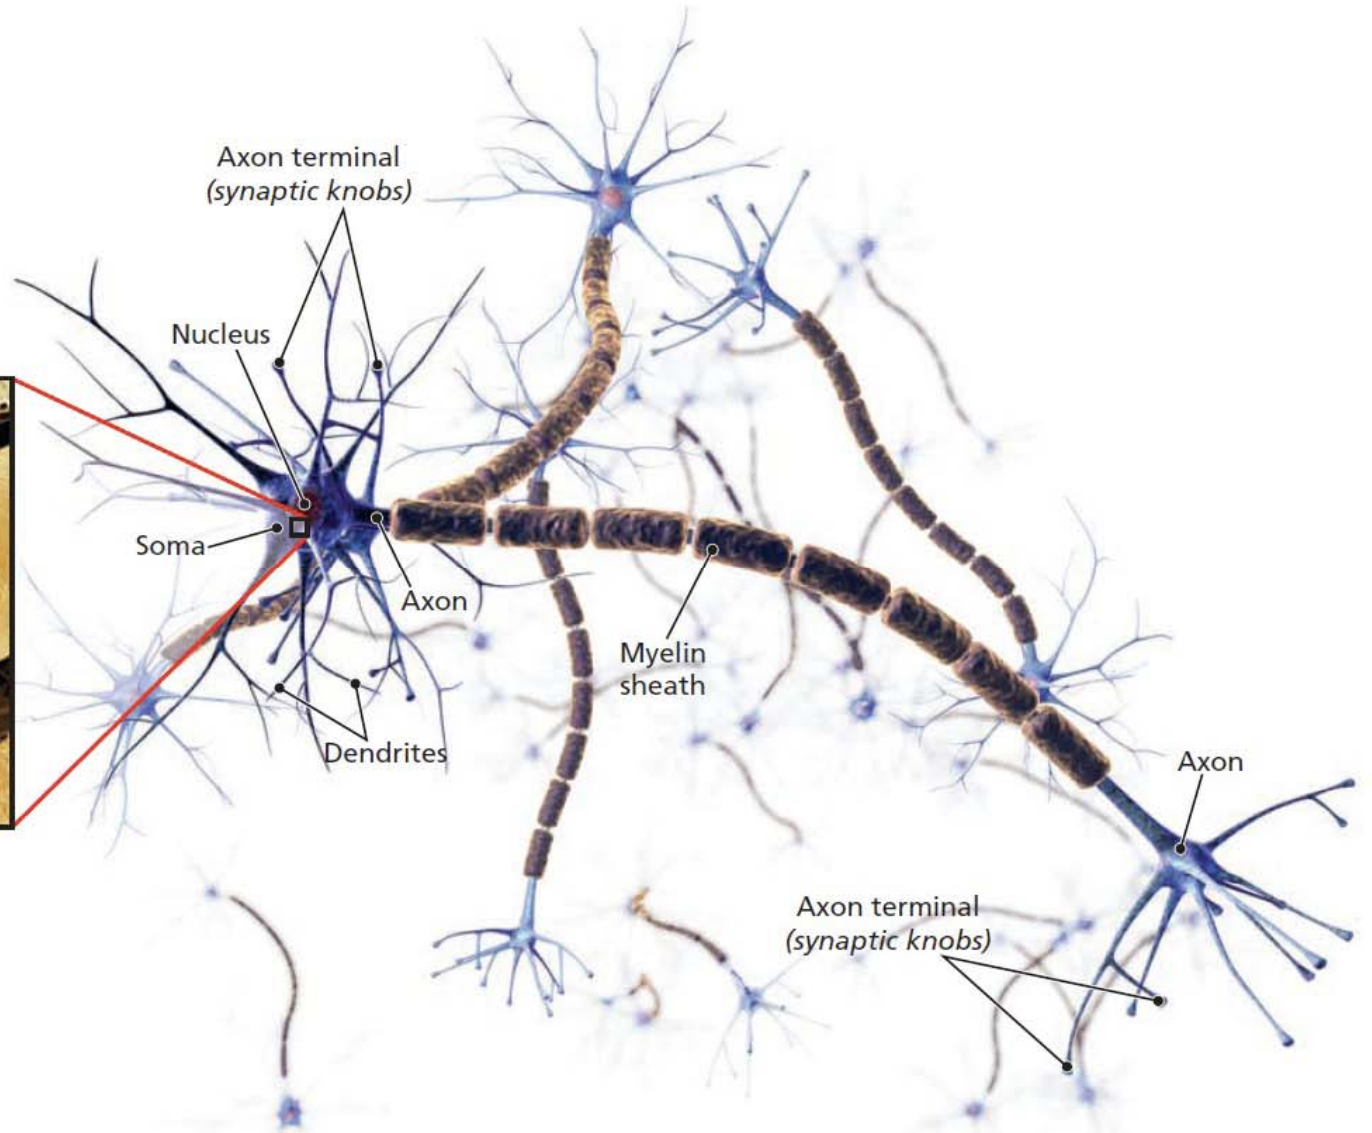

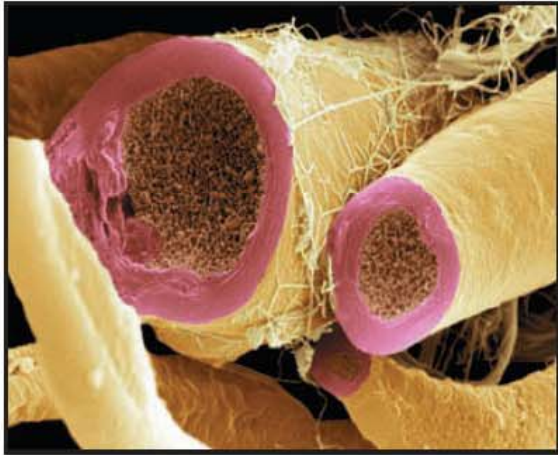

# GOALS

- Integrate technology into my introductory psychology (PSY 110) classroom
- Find ways to connect to students in their preferred medium
- Support a more sophisticated understanding of psychological constructs

# TYPES OF ACTIVITIES

- Clicker questions as formative assessment
- MyPsychLab

# TYPES OF ACTIVITIES

- Clicker questions as formative assessment
- MyPsychLab
- Embedded videos from youtube

# TYPES OF ACTIVITIES

- Clicker questions as formative assessment
- MyPsychLab
- Embedded videos from youtube
- iPad activities

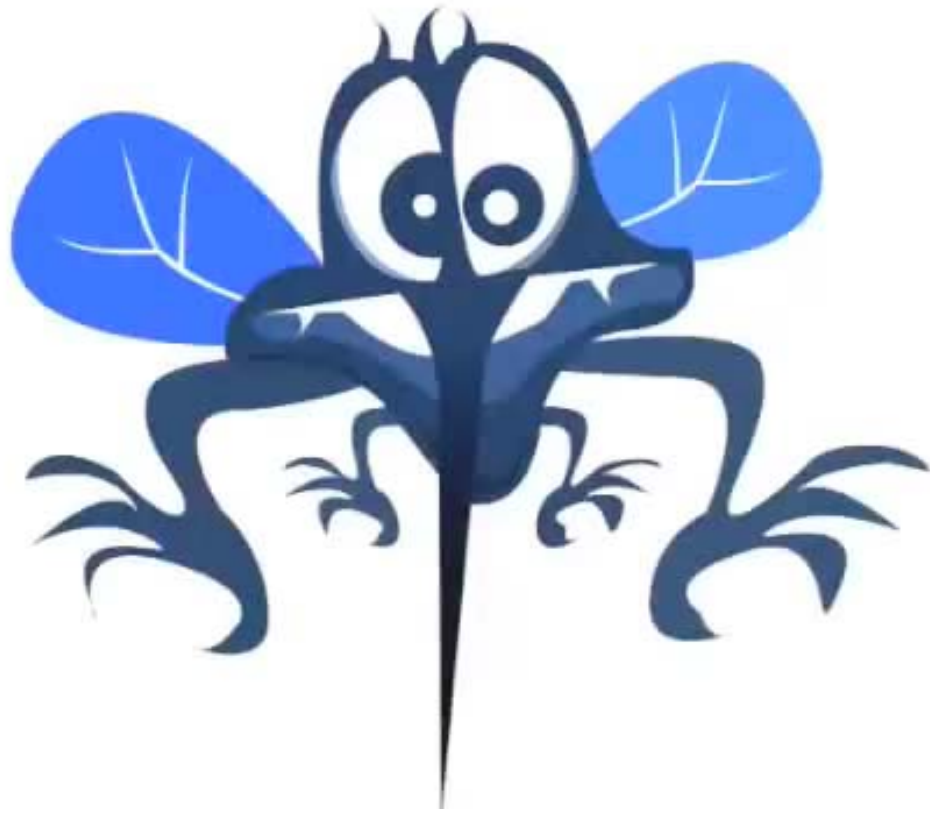

# TYPES OF ACTIVITIES

- Clicker questions as formative assessment
- MyPsychLab
- Embedded videos from youtube
- iPad activities
- Embedded media clips

# TECHNOLOGICAL DIFFICULTY

- Problems with online media sources
- Unexpected/unplanned cost issues
- Uncontrolled variables
